The following telegram has been sent by MARTIN C. ANSORGE, Republican Candidate for Congress in the 21st Congressional District:

October 31, 1920.

HON. J. F. DONOVAN

My attention has been called by Democrats and Republicans to your free use of the mails, under your U. S. Government frank for distribution to the voters of the district, of a political letter and throw-away card. It must be obvious to you as a lawyer and a Congressman that an appeal for votes, containing gratuitous criticism of your adversary, instructions and a diagram how to vote for you and against me, and your photograph, do not constitute "public documents" or "official governmental business" within the purview of the Federal Statutes, and that private use of the governmental frank at any time is a very serious matter. I must therefore respectfully protest against the undoubted advantage you have taken, at the eleventh hour, to appeal for votes, at the people's expense, to the 100,000 registered voters in the Twenty-first Congressional District.

MARTIN C. ANSORGE, Republican Nominee for Congress, 21st Congressional District.

## EDITORIAL:

"At a time when National economy and retrenchment should be the watchword of every public servant, free use of the overburdened mails for self-advertisement by sitting Congressmen is to be condemned and should be properly rebuked by the voters."-From the ORGANIZATION RE-PUBLICAN, October 30, 1920.
